

Shadow

Shadow is versatile and tough, with incredible output greater than a 20W Halogen. Completely sealed (IP 67), Shadow is available with Lumitec's TTP technology, enabling dimming and color change with a standard 2-wire hookup and any on/off switch. Shadow is also compatible with 3rd party controllers including dimmers, flashers, and scene controllers. Choose between a wide range of available output colors and features, including dimming, color change, flashing, and synchronized flashing.

SKU	Finish	Color Output	CRI	CCT	Voltage	12vDC	24vDC
114110	Polished	White, Red, Blue	70-75	5000	10-30vDC	320-530mA	N/A
114113	Stainless Steel Polished	& Purple White	70-75	5000	10-30vDC	320mA	N/A
114118	Stainless Steel Polished	Red, Blue & White	70-75	5000	10-30vDC	320-530mA	N/A
114119	Stainless Steel Polished	- Dimming White - High	90	3000	10-30vDC	320-530mA	n/A
114120	Stainless Steel White	Output White, Red, Blue	70-75	5000	10-30vDC	320-530mA	N/A
114123	White	& Purple White	70-75	5000	10-30vDC	320mA	N/A
114128	White	Red, Blue & White	70-75	5000	10-30vDC	320-530mA	N/A
114129	White	- Dimming White - High Output	90	3000	10-30vDC	320-530mA	N/A
